Treasurer's Report - Lauren (via email)

I can not be at the meeting tonight so I wanted to update you all on finances. I am a little concerned about the amount of grants we are receiving and the dollar amounts. We have given about \$1000 so far. Tiffany has just received a few more and one is asking for \$1200 and the other is for \$4160. Our budget right now for grants is \$6000. If we said yes to these grants and all the others she has received we will be way off our budget. We also doubled our teacher enhancement and just wrote a check for \$19,900.

We still haven't spent all of the Freaky Friday budget of \$10,000 but we will most likely spend all of that. We have only made \$1500 so far from FF.
